easy to maintain

Bi-Energy Available
Optimizing utilization

4ft 11in Wide Platform
Larger area for operator to work

150° Jib-Boom
Greater accuracy when
positioning platform

niftylift.com

nifty™ TM40

The Nifty **TM40** is the first of a new generation of Nifty trailer mounts taking advantage of developments in design and build technology. It delivers outstanding reach performance without compromising on functionality or quality. With one of the largest platforms in its class and a 150° jib-boom, positioning is easy and hydraulic outriggers make setting up quicker than ever before.

SAFETY FEATURES

- Pressure Sensitive Outriggers
- Audible and Visible Alarms
- Manual Recovery with Hand Pump
- Dual Controls (Platform & Base)
- Lock Valves on all Hydraulic Cylinders
- Overrun Brakes with Gas Spring Hand Brake
- Dual Harness Points
- Meets OSHA and ANSI regulations

Due to a policy of continuing development and improvement, Niftylift reserves the right to change any specification without notice. Please confirm exact specification before ordering.

The Bi-Energy power option improves utilization for the **TM40** by allowing operation in discreet and fume free environments or for extended periods where no external power source is available.

Hydraulic outriggers allow quick and easy setup and the audible alarm ensures that the operator is aware of an incorrect setup, when working in the busiest of environments.

SPECIFICATIONS

Working Height	47ft
Platform Height	40ft 6in
Working Outreach	21ft
Slew	360°
Jib Arc	150°
Width - Traveling	5ft 3in
